- BANDING MATERIAL:** Standard 2 x 6 Treated Wood around perimeter of Dock
- PADDING:** 3" Vinyl Rub Rail where needed at end of Fingers and Head Pier with 3' Column bumpers.
- FASTENERS:** Armor Coated Grade 8 with Locknuts, ½" Standard on Frames and Roof Structure.
- NOTE:** All this is standard on a Norman's Marine Service Residential Dock system that supplies value and strength that others deem not necessary. Let's all remember - Mother Nature is not Playing Fair.
On the Water requires additional insurances to protect the property owners.
- WARRANTY:** 1 year parts and labor, excluding 'Acts of God'. Norman Frazier personally warranties any workmanship for years to come, after the sale, if he deems appropriate .When we make the sale, you have our full commitment of equipment and service to see that you get what you paid for and more. Norman's Marine Service provides the necessary and proper insurance to be on your jobsite. (Ask for a Certificate).
Norman's Marine Service has a wide list of references and ask you to compare quality, strength and integrity when making your decision.

Thank You,
Norman Frazier
